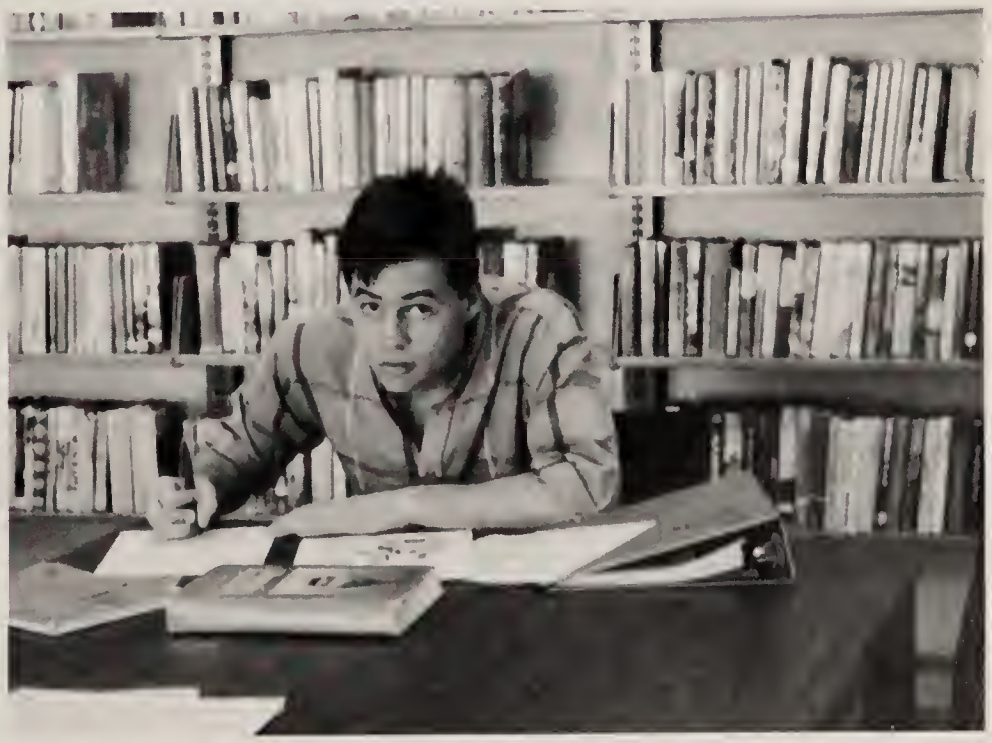
SHOWING OUR PRIDE

Academics

Pride in Academics is taking the class of 88 far! With acceptances at such institutes of higher learning as Parsons School of Design, UVM, UNH, U-Mass, Wheaton, Clark, Worcester State, and University of Michigan. The hard work of Leicester High School students has been rewarded with scholarships from many local and National groups like the Elks, the Mother's Club and the Womans Club past classes have received as much as $10,000 in scholarships. These clubs take pleasure in supporting the continuation of academic excellence and we take pride in striving towards it!



SHOWING OUR PRIDE

Achieving

The future is shrouded in mystery. Although soon many of us go our separate ways to many different schools to study many different majors, such as Communications, Archaeology, Engineering, Biochemistry, Mathematics, Business, Meteorology, Teaching, Medicine, while others will enter Military service or attend Technical or Vocational schools, we must remember that we are the future, the dreams of tomorrow. Given the outstanding achievements of our class in the past, there is no question as to the potential and achievements of what's to come.

SHOWING OUR PRIDE

Activities

Our spirit and dedication has been shown throughout these four years of high school. The many long hours put into the Senior class play — Guys and Dolls, and showing off our industrial arts in the art show, paid off in the end. Experiencing the fun times of Olympic Foolery, Battle of the Faculty, the Patriots, Donkey Basketball, and other events will be treasured memories. The romantic nights of the Semi-formal, the Junior Prom, The Dinner Dance and many other dances will be remembered.

SHOWING OUR PRIDE
ATHLETICS

Athletics play an important role in Leicester High. Most students participate in one sport during their four years. Our teams have achieved a wide variety of honors and worked their way to Districts, tournaments and League championships. Track, Field Hockey and Baseball played in Districts, Girls Basketball made it to the Centrum, Boys Basketball played in the Clark Tournament. Individuals have been acknowledged as well, T&G all stars and Most Valuable Player Awards have been achieved. LHS sports are not lacking in spirit or in willing enthusiastic players and fans. Each year we have impressive wins, which leaves only one thing — Watch out Prouty!!

PEOPLE

All people are unique, and encouraged to develop their own style, talents, and abilities. We take pride in watching and sharing in the growth and success of our peers. It is individuals that make a class special and we wish all happiness and success for the future.

To The Class of '88

You are to be commended and congratulated for your personal achievements and positive contribution to the Leicester High School program. This is just another beginning — each of you has the potential to innovate creations that you have yet to imagine, the potential for greatness and the potential for success and happiness within you. You are urged to activate it through conscious effort and participation.

Invest yourself in worthy causes, emphasize the positive, be confident in your abilities, respect and believe in yourself and others around you see yourself as an infinite possibility.

Individually and collectively, you have earned the respect and admiration of the faculty and staff. Best wishes for a lifetime of good health, success and happiness.

The Growing Years

The Underclassmen years go so quickly, at least when we look back at them. We spent our first whole year in shock trying to adjust. New teachers, complicated schedules and all the different rules we tried to learn were the things that filled the days of a freshmens year. The next year we had the basics down, all that was lacking was upperclassmen status. Only one more year till we got our licences! Just dreaming about our junior year made the days go by. Juniors! Upperclassmen finally, with all the priveleges and bills that go with it. We all tried to get our drivers licence the first time around but some had to go twice. We were so excited until the first insurance payment arrived, between that, SAT, and Prom bills we had to get a job! The next fall we tried to decide what to do with the rest of our lives. We filled out forms, prepared resumes, and scholarships for months. In the mist of all the chaos many of us wondered how did the time go by so fast and how could I have grown so much in those underclassmen years!

Freshman Phobias

As a freshman I have to thank Jason Grimshaw for giving me a nickname. "Guy Smiley." For my whole Freshman year, I had Hank Lockwood, Jason Grimshaw and every other Junior and Senior call me "Guy Smiley." Thanks Jason.

When I was a freshman I was afraid of the upper classmen. They seemed so large and older, and when I walked down the hallway I always felt intimidated.

Kim Hodgson

Some funny things that happened to me were asking the upper classmen where a room was and they didn't have any idea where they were.

I can't remember being afraid of anything but I can remember something that was sort — of funny. I was waiting for my bus on the first day of school. A bus came by and picked me up. While on the bus, the bus driver asked me what grade I was in. (I was the first one on the bus) I told her and she said that this was the memorial school bus. They set up new bus routes and she was early. So, on my first day of school, I was on a different school bus.

I was told that the Ala Carte drives up to the front of the building.

Kenny Graslie

My freshman year was pretty simple, you were either friends with the upper classmen or you just stayed away from them. I suppose my biggest fear was using the bathroom. "Yaaa!" or "It's alright!" echoed through the empty hallways between classes. I don't think there was one freshman who went into the bathroom w/out saying either of those words.

Lisa Cleary Soph.

Freshman year, the second day of school I walked into the senior classroom on accident and Rich Nicholas yelled "Hey Sam! you lost??!" and the whole class started roaring with laughter.

Sam Dagistino

National Initiation Day was my worst fear. It didn't happen of course, only because of the hazing law. I walked into the wrong class twice, I thought I'd have to carry the school map around with me for the entire year. I realized that the school was a plain square. Fred LaFlash told me to take the elevation that was the teacher's room, it would take me to the pool that was the size of the school.

Being a Spaz

Spaz/Spaz/N, 1. one who temporarily loses his or her sense of Sanity, reality, normality, and humanness, usually Characterized by a loud, ridiculous scream or weird hand motions.

Being a spaz in Leicester High School plays an important part of everyday life. It is an attitude that is not only fun, but is essential to the scholastic life of a student. It provides the student with relief of stress built up from 2 or more of those never-ending "HO-HUM" Classes. Once the student has locked both hands together, thrashed them about like a fish out of water, and screamed the most ridiculous sound or phrase possible, he or she can then sanely strut to the next class with a smile and face the wrathful brunt of any 1 hour class.

Getting there was half the fun!

Remember the good old days when we used to give Mom and Dad a kiss goodbye and skip out to the bus and get a free ride to school? O.K. sure, It was a convenience. But do you remember the kid on the bus that always made fun of you and threatened you with bodily harm? Do you remember the cold, wet days waiting for the bus? Or how about that unwanted apple that always rolled across the aisle and hit your feet?

Well, our problems are solved, Right? We all have cars and we're free. If it weren't for the insurance payments, the slippery snow and ice, the cold mornings when you turn the key and all your car does is laugh at you, the price of gas, and of course that one unfortunate person that has to walk home who you willingly go out of your way for to get home, cars would be the Greatest.

Maybe we should go back to the days where we'd walk to school, up hill both ways, with a cold SPAM sandwich at our side in a rusty lunch box or a wet paper bag.

A Hidden Corner

In a hidden corner of Leicester High sits a department which many students know little or nothing about. Let us step into this past year of the band and chorus and see what they have been doing.

September through November with home football games the band played marches, jazz charts and the LHS fight song. Also in September a student teacher from Anna Maria, Ms. Charlotte Hanks, joined to help in conducting and building of their confidence, also she became a cherished friend.

In December they started their "Run Out Concerts." The first stop was Worcester St. Hospital, next the Masonic Homes, and on to Faneaul Hall! Several performances that were enjoyed by all was the traveling to the other schools along with the Leicester Association Luncheon for the elderly. To close the winter season they performed their Christmas Concert.

In January, Leicester proudly sent John Either and Beth Seleke to All District Band.

Spring arrived and once again we were buzzing with excitement. It was time to prepare for the Varsity Show. The chorus donned bathing suits, learned notes and memorized the choreographed steps for their beach mix. The band busily worked on a piece known as *Sousa*. These were presented along with many other individual members by Terry Cox, Lori Millet, Tracy Brown, Kurt Gott, Darren Stec, Kevin MacIntosh, John Eithier, Steven Hunt, Adrian Mahan, and others.

March was not over for all the members, several still had the Dual County performance; on the 31st these students along with roughly 160 others from 6 other towns, performed such numbers as *Glorie to the Father* and *Crystal March.*

In May they performed a joint Spring Concert with the Center School. During this, each member received his/her specialized recognition of year pins, letters, and certificates.

Three of our 1989 graduates will be attending college to further their musical knowledge. John Eithier is on to attend Lowell University, Lina Kobel is heading for Merajerest College, and Adrian Mahan to Jacksonville University, Florida.

The music department will be without a full time director this coming year. Mr. Stewart Britton has been a wonderful teacher. He organized trips and concerts, and taught them how to match notes. His time and talent will be much missed.

Good Luck in the future!

SPORTS

All the athletes at Leicester High are stimulated to strive to become the best they can be. But it is just as important, if not more, to develop a sense of pride and a true spirit of Sportsmanship. It is the combination of these factors that makes the Mighty Wolverine.

Pride and Determination

The 1987 Fall Field Hockey season finally arrived and was greeted with much anticipation and enthusiasm. With 10 of 11 starters back from the previous season, the addition of two sophomores, a junior, and a senior to the line-up things were looking up.

However, the leadership and desire dictated by the nine seniors and echoed by the underclassmen fell short of the dreams they held. In a conference of seven, where three teams qualified for district play the team fell short. The final record of 5-5-2, a marked improvement from last year, does not begin to indicate the caliber of this great 1987 Wolverine team.

Proud To Be A Wolverine

Finishing the season with a .500 season, the Leicester Wolverines played better than their record showed. After a successful preseason of conditioning and scrimmages, the team lost its first game to Auburn. Although, losing a few games, the team kept their Wolverine integrity by winning big over Oxford (31-10). Scheduled against tough teams, the Wolverines did as well as could be expected and much better, although they lost to Northbridge and first place South they lost by respectable scores. That was the spark they needed to win four straight games. Finishing with a Bang, Leicester triumphed over David Prouty, who had a record of 7-1-1 and were victors over Northbridge by taking a 26-3 win in front of the enthusiastic crowd.

Thanks to Brosnihan, Popin, Giles, McKay, the D-squad, and the whole spirited team, they were "The Best 5 and 5 team in the Nation."

Pride in Our Talents

This years Cheerleading squads, both winter and fall, were led by tri-captains Jennifer Martinson, Leeann LaHair, and Paula Soucie. The fall cheering squad, consisting of 15 varsity cheerleaders, cheered the football team to a 26-3 victory over Prouty despite the rain on Thanksgiving Day.

The thirteen varsity cheerleaders that made up the winter cheerleading squad, cheered the basketball team on as well as entertained the audiences at both the Webster Beaver Tournament at the Worcester Auditorium and at the David Prouty Tournament in Spencer. The team worked hard to create a four minute cheer that included a variety of stunts and new ideas, which included a two and a half person high pyramid that also highlighted their halftime cheer at the basketball games.

Improving Step By Step

The seniors that participated in Soccer this year were Dan Spring, Tony Lopez, and Andy Fongeallaz. The team was hopeful with several freshmen to round out offense and defense. Soon we were hit with several minor injuries. Dan Spring was benched for the season with a broken wrist, but remained active with the team by helping out with coaching duties. Overall, it was not a winning season, but in our final game we achieved our first Southern Worcester County League victory over West Boylston since going varsity in 1985. A winning season? No, but challenging and exciting, yes, and the future is looking very bright.

Pride in our Team Work

The 1987-1988 Boy's Basketball team was led by Kevin Pickett, Jon Jubinville and Dan Brosnihan. Dan Spring, a starter last year, was injured and played most of the season with a cast.

Although lacking height and consistency throughout the year, the team was very competitive in most of the games. With the help of seniors Steve Gonzales, Steve Garey and Sean Giles the team upset the district bound Uxbridge Spartans. With the experience that the young players received, the Wolverines should be back on the winning trail in a year or two.

Pride Personified

Leicester Highs Lady Wolverine Basketball team, coached by Sandra Nelson, captained by Judy Moffat, Kellie Lyon, and Kerry Cogswell gave it their all.

Their season began with so much hope for the future, but all that hope seemed to be taken away in a few weeks time. The team was plagued by many injuries. First Junior Tracey Mayer, sophomore Erin Rzezniekwez, and then senior star Judy Moffat were injured. Everyone thought all was lost, at least everyone but the girls. It seemed after every injury they had to try even harder, and they did.

Even though not qualifying for districts, the girls still met yet another goal, coming together as a team.

They ended the season on a positive note, the lady Wolverines went to the final round in the Western Worcester County tournament at David Prouty when they were seeded the underdog. They fought back vallorously and finished second, losing only to an exceptionally strong North Brookfield team.

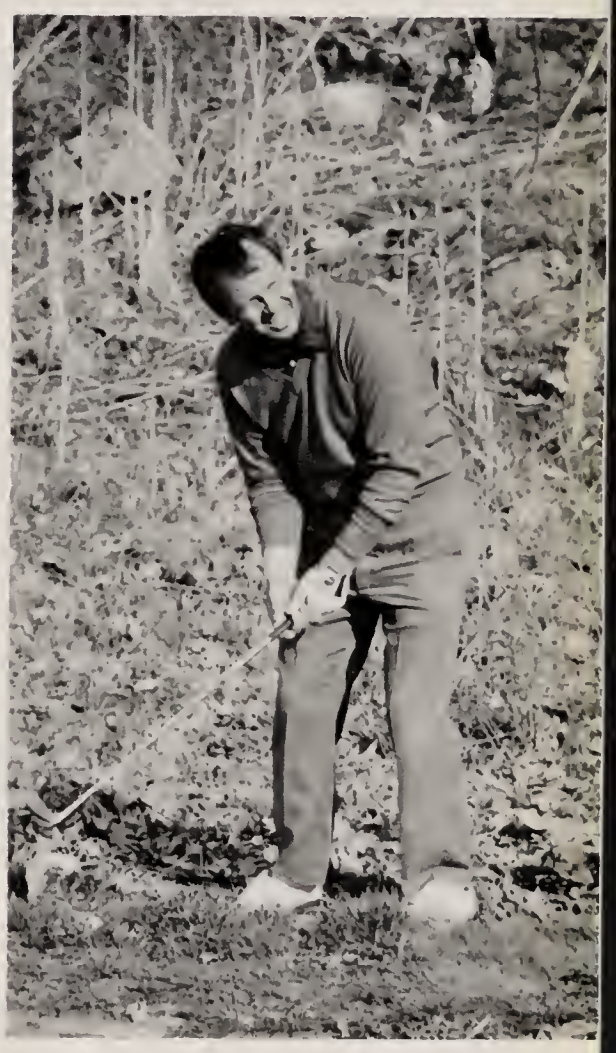
Bringing Home the Gold again!

The Leicester High School Golf Team finished another winning season with a record of 14-2-1 and a league record of 8-0-0 bringing home the S.W.C.L. Championship for yet another year. The team Seniors were Dan Brosnihan, Jeff Brown, John Cleary, Steve Dagnese, and Chris Rutter.

Dan Brosnihan, along with his brother Pat Brosnihan, played in Districts and qualified for states. Dan qualified to play the final 18 holes out of a 36 hole tournament and placed an admirable 15th in the states.

Along with Dan and Pat, Glen Cunningham and Tim McKay played in districts the team came in a successful 6th out of 10 teams with a score of 365 to end the season. With some strong underclassmen arriving, the team is sure to continue its success for years to come.



Boys and Girls Tennis

Getting Better All the Time

Both Boys and Girls tennis teams worked hard all season, even though their record fell short of their expectations. The girls team won't loose any players this year but the boys' will lose Steve Gonzalez, their one Senior. The teams next year should be successful having four year players who are improving every match. A highlight from this year's tennis was having both boys and girls teams defeat the Panthers of David Prouty! The members of the boys and girls tennis team would like to extend a special thanks to their coaches Sandy Nelson and Bob Head.

PRIDE IN ACCOMPLISHING

With Sue Towne on the mound, Charlene Arsenault behind the plate, and other seniors Judy Moffat, Kerry Cogswell, Kristen Peterson and Kellie Lyons in the field, the loss next year will be felt. Nevertheless, Mr. Chasse has faith in his strong sophomore crew.

The 1988 Leicester High Softball team showed improvement over the previous years' teams. With new coach, Mr. Jack Chasse wielding the aluminum bat and the team composed primarily of sophomores and seniors, the Leicester girls posted a 5-10 record.

Senior

The end of school is an exciting and fun-filled time for the graduating Seniors. Starting a hectic week was the Annual Sports Banquet followed by a long-awaited class trip and the Senior Dinner Dance. Class day concludes the Senior's week and provides a time for the Seniors to take one last look at the school before the graduation the next night.

When you see a guy reach for stars in the sky you can bet that he's doing it for some doll . . .

My memory from the play is tripping up the stairs on the middle of "Bushel and a Peck" in front of the whole audience.

Melissa Ward

My memory from the play was I couldn't get my dress unzipped when everyone else did in this scene.

Kris Peterson

I don't know how many of you saw this, but my most memorable moment was when I said "I can guarantee you the air down here smells a lot cleaner than the air up there." We were in a sewer, a sewer would not smell cleaner than a mission. For the people who were there this night it was funny.

I had never been in a play before, but doing Guys and Dolls I had the best time, it was fun and I got to know the people of my class. It is something I won't ever forget.

C. Cu

One thing about Guys and Dolls I will never forget is when Adelaid had to seductively take off her pearls and in the process, I nearly pulled my wig off onstage.

Jen Martinson

When the skeptics said it couldn't be done, I silently said, "Watch!" It has always been my philosophy to go out on a limb, take a risk, believe you can and reach for the stars. Unless you reach you never know and the cast of Guys and Dolls reached and believed, they found the stars within themselves.

Mrs. Dutton

My favorite memory was starting my blooming acting career with a black eye. Look out Broadway here I come?

Chris Salek

I remember the smoke of the spotlight and the dedication and hard work of the cast + Mrs. Dutton.

Heidi Spaulding

My favorite memories are "Maybe your watch is fast" and being late for "Take Back your Mink" opening night.

Jen White

I remember how crazy everyone got before the curtain opened and how nervous everyone got before the play even started. I became better friends with alot of people in my class.

Steve Garey

The thing that stands out in my mind the most, is the ridiculous "strip tease."

Kerry Cogswell

The one thing I will never forget about our play was the fact that we became a family I got to know members of my class in a way I probably never would have if I hadn't been in the play. My memories of this time will last me my lifetime.

Darlene Liberty

I remember the door falling in the middle of the prayer meeting.

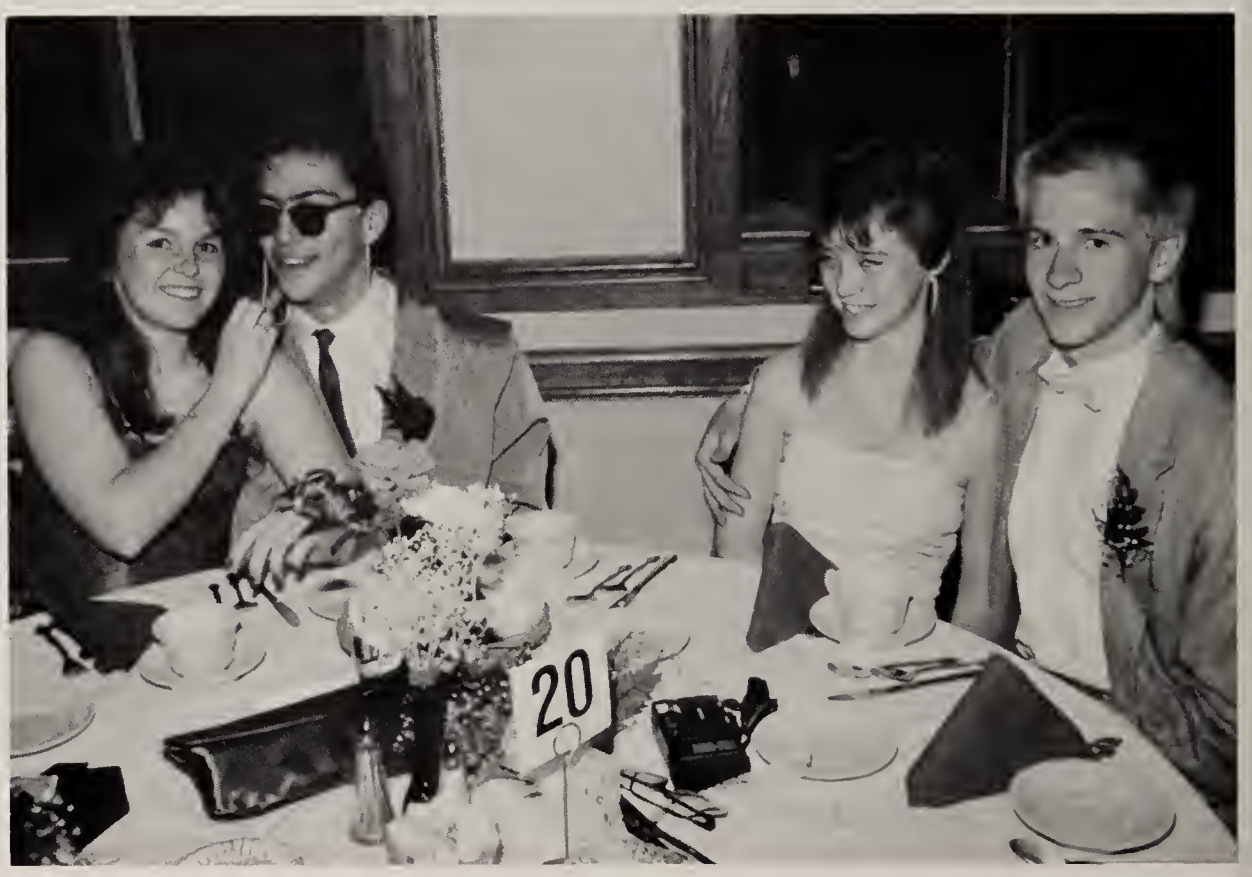
Famous Final Scene

On May 27, 1988 we all gathered together at Strawberry Hills Country Club for our Senior Dinner Dance. We spent the early part of the evening getting pictures taken and enjoying the balcony. The music was provided by Crossroads, who played a variety of popular songs. Salads, potatoes, rice and several different meats were available at the buffet. Most of the evening was spent on the dance floor and the night flew by. Our last night together was ended with the fitting theme song Famous Final Scene.



FUN IN THE SUN!

On a sunny morning in May the senior class of Leicester High School descended on the Frank Davis Resort in Moodus Conn. We arrived after only one brief roadside stop, full of anticipation and ready to have some fun. We were greeted by our host for the day "Cucko" who briefly explained the rules of the day. After checking in our bags we scattered across the camp to engage in various activities. Among these were softball, horseshoes, tennis, and horseback riding. Lunch was served in an outdoor pavillion and was delicious and plentiful. After lunch, swimming races, canoe races, belly flopping contests, tug of wars, basketball and general fun in the sun were the order of the day. There were so many things going on that you couldn't possibly participate in everything that you wanted to. Supper consisted of three styles of chicken served as all you can eat with brownie a'la mode. As the day drew to a close we put our smiling sunburnt faces on the bus to begin the long drive home. One bus was serenaded by Kurt Gott, and Fason Grimshaw on guitars with vocals by the rest of the passengers. Arriving back at the school at about eight thirty tired and still smiling we looked forward to the rest of our activities for the senior week!

"Certainly not a Pain in the Class"

On May 31, 1988 at 9:30 AM, LHS Seniors held their Class Day in the gym. Outstanding seniors received their awards in front of the entire student body, parents, friends, and fellow graduates. There were a number of awards given. Recipients of the Leadership and Service awards were Holly Ivel, Dan Brosnihan, Jon Provost, Tracy Foley, Joceline Arsenault, and Andy Fongeallaz. Special awards for perfect attendance were David Goodnow, and Kevin McIntosh. Bob Bachard received an award for 12 years of Perfect Attendance amidst a rousing round of applause from all.

Department awards were awarded to students for outstanding achievement in their fields. Recipients were Joceline Arsenault for art, Beth Picket for Business, Todd Peloquin for English and Math, David Goodnow for Foreign Language and Science, Bob Bachand for Industrial Arts. Leeann Lahair and Paula Soucie received Home Economics awards, and David Goodnow and Jean-Paul Rodrique received the Social Studies awards, and Lina Kobel received the Music awards.

Boy and Girl contributing most to the Class of 1988 were Andy Fongeallaz and Holly Ivel. Class Superlatives received their Joke awards, as usual.

Everyone was received well from both the crowd and fellow students, which truly proves that "That's what Friends are for."

cordially invites you to attend their

Graduation

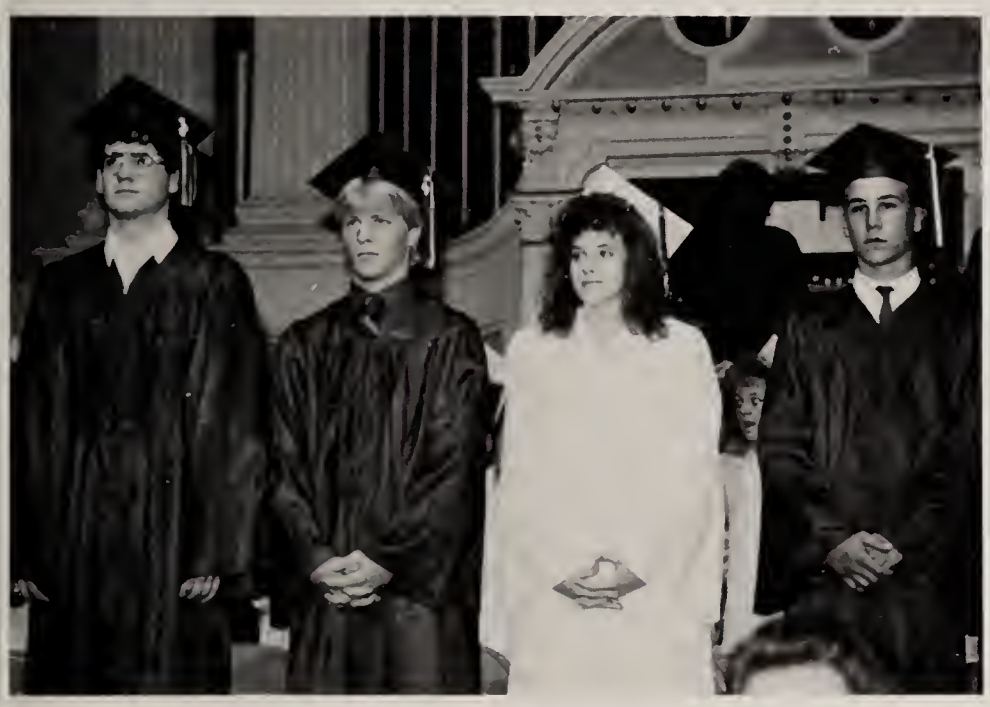
Mechanics Hall

Main Street

Worcester, Massachusetts

AND IT ALL COMES DOWN TO THIS

On June 1st 1988 the Senior Class of Leicester High nervously assembled for the last time as a group at 7:00 in Mechanic's Hall. After the invocation which was given by Rev. Allen Tadgell Jr., David Gooknow rose and welcomed the family and friends who had come to share in our Graduation. David was followed by Jean-Paul Rodrigue, the Class Orator. The last of the student speakers was Todd Peloquin, who shared many of his dreams for the future of our class in his Valedictory Address. Many teary eyed members of our group rose and sang "That's What Friends Are For" as our class song. After we all were seated again Dr. Limoges spoke about the many new experiences and responsibilities we would encounter in our future. He then presented the many awards, and scholarships that the students received. Then the big moment arrived The Role Call of Graduates, as Mr. O'Donnell called our names Mr. Spaulding, a member of the School Committee, presented the diplomas. All that was left was the singing of our school Alma Mater, which was slightly off tune, but sung from the heart. We left the hall as Nick Narcisi, and Feff Hunt played "Concerto for Two Trumpets" and the audience applauded. We were on our way to a bright new future!



The Patriots Game

On March 2, 1988, The New England Patriots came to our school to play a game of Basketball with our faculty and members of the senior class. The teachers started and gave the Patriots a run for their money. With Mr. Chasses's — Bob Cousey-passes and shooting, Mr. Head's graceful lay-ups, Mr. Nelson + Mr. Albro's all-around playing, and Coach Lauder's enthusiastic rebounding, of course we would keep up.

In came the seniors. We did pretty well for ourselves. With Pickett's 3 pointer, Spring's ingeneous dribbling, Shea's outside Shots, and Mahan being "caught in traffic" what else could we do but . . . almost win.

The Fans were happy and we . . . well, we were happy to get home to bed. After all, we were all missing a pint of blood!

Olympic Foolery

Olympic foolery, being played at a later-than usual date this year, turned out pretty much the same as past years, except for 1 stunning surprise. Students competed in the normal proper uniforms (Hawaiian prints, cut-offs, tank-tops, sweats, and even winter hats.)

Seniors and Juniors were neck and neck in balloon races, ping-pong races, and wheelbarrel races. And then the surprise, the Freshman ran away with the tug O' war title and earned some needed respect. Surprise or no surprise, congratulations to all for their well earned accomplishments ya, ya, even the sophomores.

"New waterskiing act in Cypress Gardens"

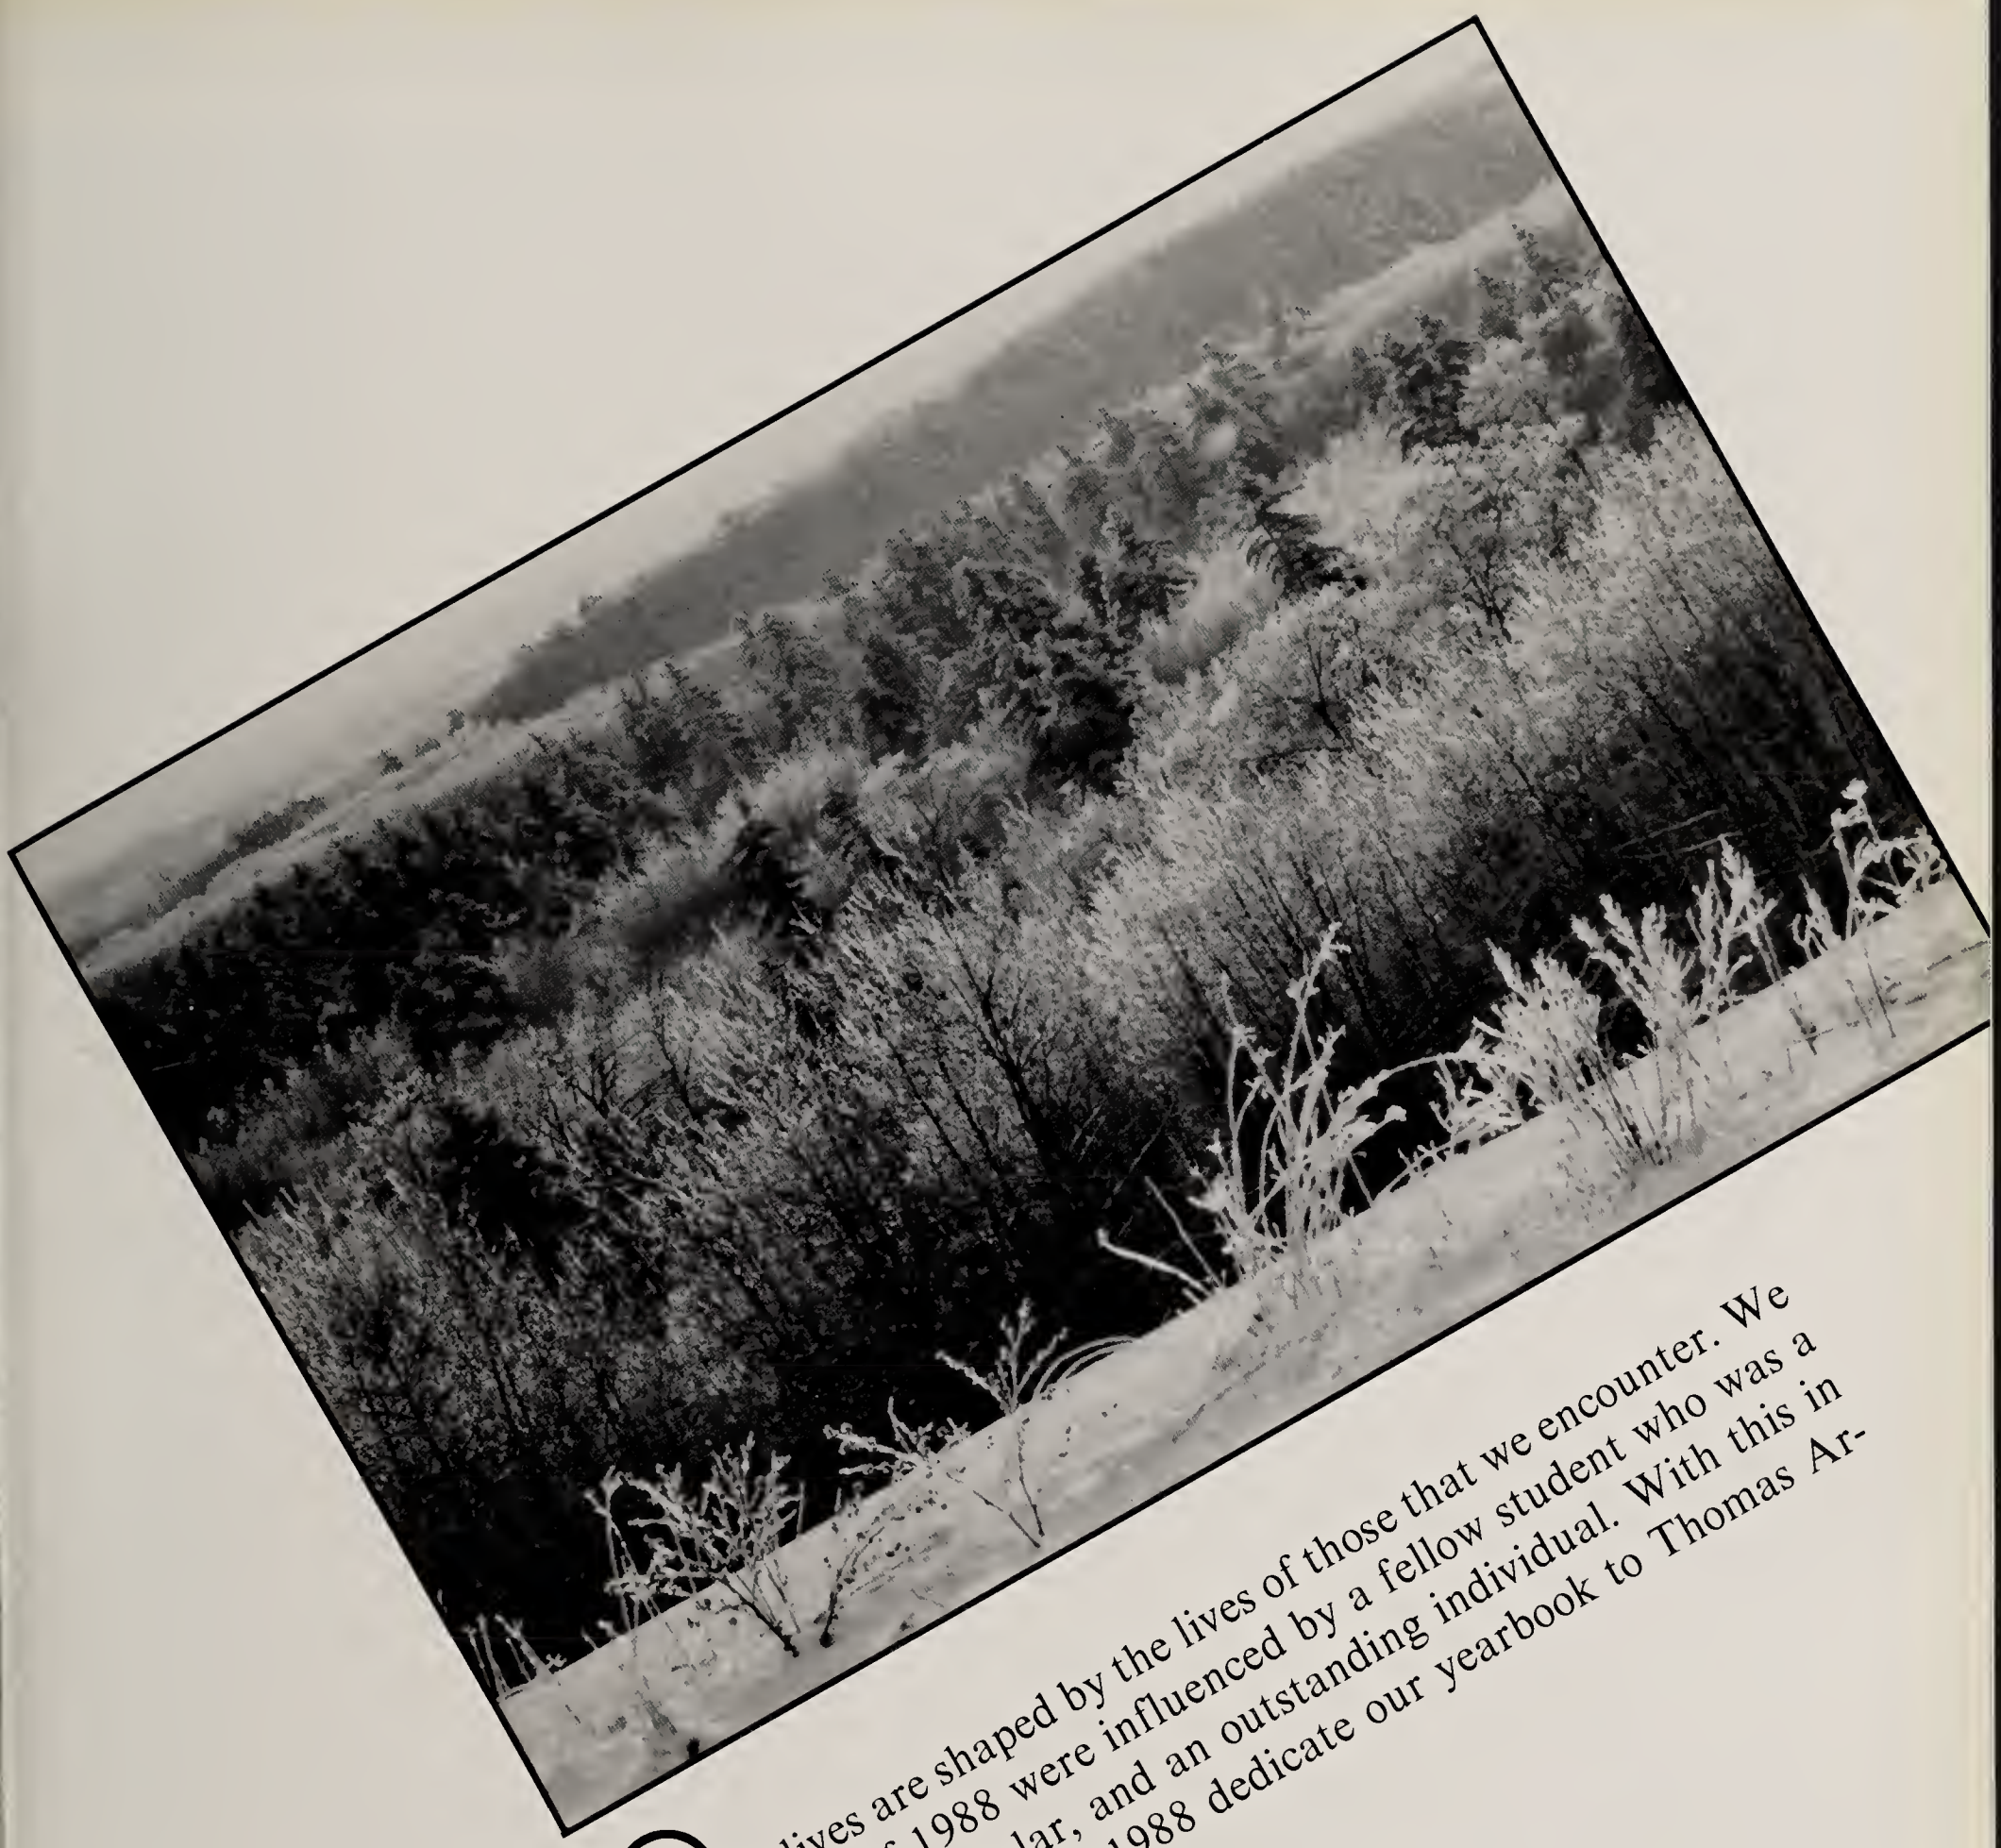
"Just a few more inches fro the Cookie Franny!"

The Heart of the Arts

Design Elemental — an evening with the arts, was one of LHS's most successful art shows with works representing not only the art department but also the auto, clothing, metals, power mechanics, technical drawing and wood departments. Under brightly colored geometric shapes suspended from the gym and cafeteria ceilings, students set up their creative displays to be viewed by parents and friends. The newly formed L.H.S. drama club presented AHGolden Fleecing, directed by Mrs. Dutton to an appreciative audience. Hysterical performances by Mary Kane, Adrian Mahan, Jennifer White, Steven Hunt, Jennifer Martinson, Henry Danis, Steve Gary and Kerry Cogswell made the play a great success. Much thanks must go to Miss Cassenelli for her endless hours of work that make the art show one of the best yet. The students had a great time designing and executing their displays and their efforts were rewarded with a well-organized, dynamic show.

YEARBOOK STAFF

Holly C. Ivel editor in chief



Our lives are shaped by the lives of those that we encounter. We of the class of 1988 were influenced by a fellow student who was a fine athlete, a scholar, and an outstanding individual. With this in mind, we the Class of 1988 dedicate our yearbook to Thomas Arguijo.
